#### **CURRICULUM VITAE**

While working as an Implementation Consultant, I found that building custom extensions for clients was the most rewarding part of my role, sparking a genuine enjoyment of coding and problem-solving. That experience led me to pursue training as a full-stack developer, including completing 2 real-world projects successfully to specification using a wide range of programming languages.

I am analytical and detail-oriented, with strong communication skills and a natural drive for problem-solving. Combined with my adaptability, teamwork, and growing technical expertise, these qualities reflect both my enthusiasm for development and my ability to contribute effectively in a professional environment. I am now eager to grow as a developer and turn that passion into a long-term career in IT.

## **PERSONAL DETAILS**

NAME: Ciaran Brady
RESIDES: Manchester
TRANSPORT: Public transport
RIGHT TO WORK: Irish Citizen

### CODING TRAINEESHIP IT Career Switch Ltd

Coding Traineeship - Full Stack Developer

1-year program

During the traineeship, I had to demonstrate a very competent level of the following programming languages and technical skills:

- HTML5, CSS3, JavaScript
- PHP, SQL, MySQL, React, jQuery, C#
- Python, Node.js, Bootstrap, Java, JSON
- Command line Git, GitHub
- Remote API access

# **ADDITIONAL TECHNOLOGIES:**

 Redux, Leaflet, PostgreSQL, Azure DevOps, VS Code, Data Automation, Machine Learning, AngularJS

#### **DEVELOPMENT EXPERIENCE:**

Below are the two briefs of development projects I completed with IT Career Switch which can be found in my bio: https://ciaranbrady.co.uk/

#### Portfolio Project #1: "Gazetteer"

Develop a map-based application in HTML, CSS, JavaScript (jQuery) and Bootstrap presenting geographical and demographic data from JSON returned by PHP modules that query third-party APIs such as GeoNames and OpenWeather.

### Portfolio Project #2: "Company Directory"

Full project cycle: Formal proposal followed by the development of a company personnel database application using Bootstrap, JavaScript (jQuery), PHP and MySQL. Sign off obtained after demonstrating that all of the required functionality was present and working as intended through the preparation of a formal test script.

# **CAREER HISTORY:**

Aug 2024 – Present Career Break (Education)

Feb 2023 – Aug 2024 POSITION HELD:

**Xceptor** 

**Implementation Consultant** 

- Worked closely with clients to effectively gather requirements
- Designed, built, and tested custom extensions on the core product using C#
